## WASHING

The things you love, you want to enjoy the longest...  
That is why we have a few wash tips for you;

- You don't have to wash the travel items every time you worn them. A little bit of fresh air does miracles.
- Wash the travel items at 30 degrees and 800 tours in a short program. Don't use fabric softener. Hang out the clothes and it's dry in no time.
- Don't use the tumble dryer! If you hang out the clothes, it's better for the quality and the durability of the fabric.
- Do you got stains on your articles? First try to remove them with a cotton colorfast cloth with a little bit of water.
- You don't have to iron the travel items. Hang out the items after you washed them. The travel quality is not made to be ironed, so if you do, it is on you're one risk.
